The mission of the Heart Gallery of New Mexico Foundation is to provide support to ensure New Mexico children in foster care are given opportunities today and hope for tomorrow.

Working with CYFD, we:

Support adoption events, Heart Gallery exhibits and recruitment efforts to help find families for adoption-available children.

Help older foster youth by providing them with enriching experiences and life skills, and providing support to help them move more successfully towards independence.

Spread awareness through media and other outreach about the needs of New Mexico's foster children and the importance of fostering and adopting.
