**Thank you for considering supporting New Mexico's Foster Children,**

The mission of the Heart Gallery of New Mexico Foundation is to provide support to ensure New Mexico children in foster care are given opportunities today and hope for tomorrow.

Since HG NMF was founded in 2006, Heart Galleries have grown from traveling displays to 35 permanent exhibits around New Mexico and counting. Almost four thousand foster children have found forever families over the past twelve years in New Mexico. Those who "age out" at 18, and are left to make it on their own, have been given opportunities to succeed with dignity and self-esteem.

With your valuable support, HG NMF can continue to fulfill the promise of a better life by bringing our most vulnerable children out of abuse and neglect.

Sincerely,  
Candace Gould  
Executive Director, Heart Gallery of New Mexico
